

A GUIDE TO SAFE DRIVING

2016

STAYING SAFE BEHIND THE WHEEL

• SAFE DRIVING •

IS MORE THAN

WEARING A SEAT BELT

IT'S TAKING

PRECAUTIONS

TO SAVE YOUR LIFE

AND THE LIVES

OF OTHERS

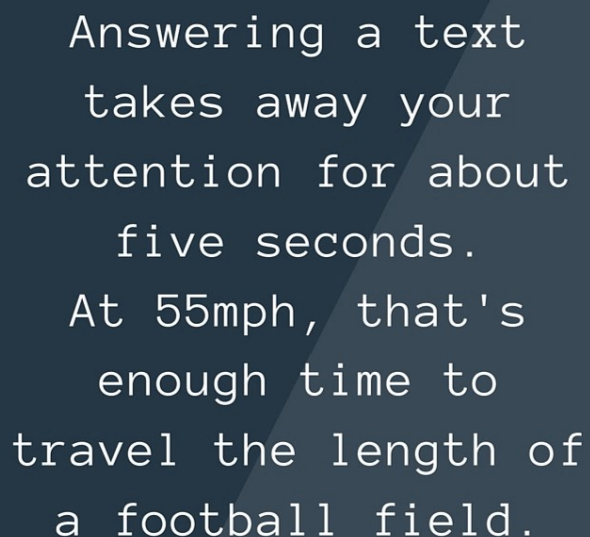

SAFE DRIVING IS

• EVERYONE'S RESPONSIBILITY •

Put Down the Phone:

**Nearly 330,000 injuries
occur each year from
accidents caused by
texting while driving**

SAFE DRIVING
IS EVERYONE'S
RESPONSIBILITY

A graphic of a smartphone with a dark screen. The screen displays white text. The phone is positioned at the bottom right of the image, with a white speech bubble tail pointing from the top left of the phone towards the main text area.

Answering a text
takes away your
attention for about
five seconds.
At 55mph, that's
enough time to
travel the length of
a football field.

Watch Your Speed:

Higher speeds magnify your errors and provide less time to identify and react to a hazard; stopping distances are longer and crashes are more severe.

SAFE DRIVING
IS EVERYONE'S
RESPONSIBILITY

Buckle Up:

Seat belts are your best defense in a crash. Being properly secured keeps you in control of your vehicle and ready to react to a hazardous situation.

SAFE DRIVING
IS EVERYONE'S
RESPONSIBILITY

• DID YOU KNOW •

CRASH PREVENTION TECHNIQUES

ADAPT

Scan the roadway and adapt to surroundings and environmental conditions

DON'T TAILGATE

Keep a safe distance between you and the car ahead of you. Use the three second rule

SLOW DOWN

Stay under the posted speed limit if it's too fast for existing conditions

THINK AHEAD

Signal early. Don't wait until the last minute to exist or make a turn

DIM YOUR LIGHTS

Turn the high beams down if you're behind another car or one is coming your way

NO DISTRACTIONS

Do not use your phone while driving. Don't text, call, or check emails while driving

ACT NOW

PARTICIPATE IN A SAFE DRIVER PROGRAM

Learn the rules of the road, defensive driving techniques, and how to operate your vehicle more safely in today's increasingly challenging driving environment.
